The goal of this workshop is to discuss and present initiatives aimed at increasing the participation of underrepresented groups in STEM careers, with a focus of this 2-day event on Afro-Brazilian, indigenous and low-income populations. This activity will be organized in the form of plenary talks and roundtable discussions, with the first day focusing on initiatives organized in the USA and other countries, and the second day focusing on initiatives in Brazil. There will also be a discussion session on proposals of concrete actions that could be implemented by ICTP-SAIFR.

This activity will be preceded by the event "Increasing Diversity and Inclusion in Science". There is no registration fee and limited funds will be available for local and travel expenses. Additional names will be announced soon.

Application deadline: October 1, 2023
