

ICTP | International Centre for Theoretical Physics
SAIFR | South American Institute for Fundamental Research

ICTP-SAIFR COMPETITION FOR YOUNG PHYSICISTS

Each year, the ICTP South American Institute for Fundamental Research (ICTP-SAIFR) offers cash prizes to the best undergraduate students. The students are selected through a written exam given by ICTP-SAIFR in the city of São Paulo in the building of IFT-UNESP. The questions are written in English, and the answers can be in English or Portuguese.

In the week before the exam, the school Perimeter-SAIFR-IFT Journeys into Theoretical Physics is organized for students in the last year of undergraduate studies. The top students are invited to participate in a joint Master's program with Perimeter Institute (Waterloo, Canada).

Exam date and time: July 27, 2024 (Saturday) – 2pm
Application deadline: July 20, 2024
