This one-day meeting organized by ICTP-SAIFR has been selected to be an International Year of Quantum Global Event as part of the one-week event "ICTP Global Event for International Year of Quantum Science and Technology" organized together with the Accademia dei Lincei in Rome and the ICTP and International School for Advanced Studies (SISSA) in Trieste. The event in São Paulo will take place on Monday May 26, the event in Rome on Tuesday May 27, and the event in Trieste on May 28-30.

The São Paulo meeting will involve 3 roundtable discussions, the Rome meeting will involve activities for high-school students, and the Trieste meeting will involve a workshop with over 25 speakers and several Nobel laureates. The whole week of meetings will be broadcast live.

The 3 roundtable discussions in São Paulo on Monday May 26 will take place in the IFT-UNESP auditorium and involve discussions for the general public on science, financing and the creation of a Latin-American network in quantum science and technologies. There is no need to apply, and all are welcome to participate.

There is no registration fee.
